VISION

Polyurethane (PU) is an extremely versatile material and is found in majority of the products in our daily life. Many everyday items contain polyurethane, including building, car shoes, mattress, chair, electric appliances and hundreds of other products too. Whilst reading this post you are probably sitting on or within arm reach of a product containing polyurethane foam

PU Industry is fast growing with new appliances being developed on a regular basis we ought to become a major contributor in the industry our business philosophy is to develop Polyurethane solution in close partnership with our customers, in the prefabricated houses and cleanroom industry we always give the best solution to customers with best results. We provide the best equipment and the solutions for all needs of prefabricated houses and clean zones as well.

Our vision is, to provide the best solution in PU Chemicals and Prefabricated Houses to our clients, and satisfy their needs.

QUALITY ASSURANCE

“Quality is not act. It is a habit” - Aristotle

We always assure quality of our product to our customer. Every material before leaving our factory goes through the curious quality cheque in R and the lab to ensure our customer does not have to worry about the same

INDUSTRY SERVED

- Mattress Industry
- Packaging Industry
- Footwear Sole
- Water Heater
- Sandwich Panel
- Water Tanks
- Air Conditioning (AHU)
- Thermoware
- Memory Foam
- PU Foams
- Polyol System House
- Integral Skin Foam
- Furniture Seat foam
- Automobile Seating
- PU Toys
- Material Handling Equipment

PRINCIPALS

SACTOR WE CATER

- **Base Polyols**

- Polyol 3000 MW
- Polyol 5000 MW
- Polyol 6000 MW

- **Blend Polyols**

- Rigid Insulation Polyol
- Sandwich Panels
- Water Tank
- Air Conditioner
- Thermoware
- Water Heater
- AHU Panels
- Deep Fridge
- ROTO Pallets
- Black & Pipe Section
- PIR Polyols

- **Flexible HR Polyols**

- Furniture Seat Foam
- Automobile Seating
- Railway Seats
- Foam Pigs

- **Polymer Polyols**

- PoP with 43-45% Solid Contents
- PoP with 49-50% Solid Contents

► **POLYOLS FOR SHOE SOLE**

- For Sandals, Slippers, Shoes, Safety Boots, Unit Sole, Low Density Soles

► **POLYOLS FOR MEMORY FOAM**

- For Memory Foam Sheets, Pillows, Cushions

► **POLYOLS FOR FOOTBED SYSTEMS**

► **POLYOLS FOR PU TOYS**

- For Smiley Balls, Footballs, Disney Balls, PU Pins & other toys

Equivalent System MDI also available

► **ISOCYANATES**

- Polymeric MDI - Rigid MDI
- Modified MDI - Flexible MDI
- Integral Foam MDI
- Toluene Di-Isocyanates - TDI 80/20

► **POLYURETHANE SYSTEMS (Polyol & MDI System)**

- PU SYSTEM FOR HR MOULDED FOAM
- PU SYSTEM FOR AUTOMOBILE AND RAILWAY SEAT
- PU SYSTEM FOR FURNITURE SEATS
- PU SYSTEM FOR FOOTWEAR SOLE
- PU SYSTEM FOR WATER HEATER
- PU SYSTEM FOR SANDWICH PANEL
- PU SYSTEM FOR THERMOWARE AND APPLIANCES
- PU SYSTEM FOR WATER TANKS
- PU SYSTEM FOR AHU PANELS
- PU SYSTEM FOR SMILEY BALL
- PU SYSTEM FOR MEMORY FOAM

► SPECIALITY CHEMICALS

- STANNOUS OCTOATE (T9)
- AMINE A33
- AMINE A1
- AMINE A230
- LD AMINE
- CELL OPENER
- DMCHA
- TCPF
- TEDA
- Methylene Dichloride
- MEG
- PG
- Skin catalyst for Footwear

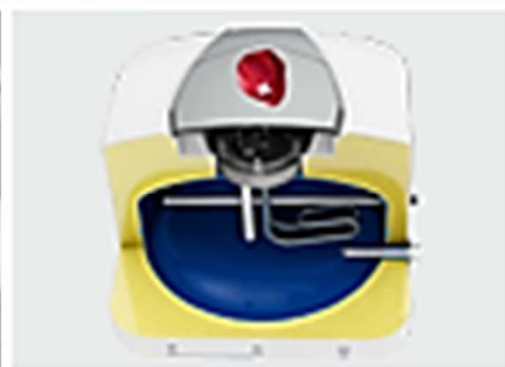

► PU COLOR PIGMENTS

► SILICONE SURFACTANTS

- Silicones for Slabstock Foam
- Silicones for Rigid Polyols
- Silicones for HR Polyols
- Silicones for ISF Foam
